South Atlanta, Georgia: GENERAL: I have the honor to report that in compliance with paragraph VII. G. O. No. 45, C. S., from Headquarters Department of the South, I proceeded to Camilla, Mitchell county, Georgia, on the 23d instant, to investigate the occurrences at that place on the 19th instant. I recirculated in Dougherty and Mitchell counties that a Republican meeting would be held at Camilla, Georgia, on that day, and that W. P. Pierce, a candidate for Concandidate as Elector for the District, Putthey were met by M. S. Poore, the Sheriff we give it below.

From the enclosed statement of parties present, it will be seen that the firing in town did not continue many minutes, but that the colored people fled to the adjoining woods, and that they were pursued by the citizens as a posse of the sheriff, some of them mounted and some on foot, and that firing of guns through the woods was heard during the balance of the day. The sheriff, in his affidavit, states that three colored men were killed one mile from the town. I have been unable to find any proof that the colored people who went that day to Camilla were advised by any of the white men who accompanied them. and who were to address them, either to go armed for defence or violence; but that, on the contrary, the enclosed affidavits show that Messrs.
